

*For cryotherapy treatment with buds*

Open the CryoDose H Reusable Treatment Kit and you'll see the patient-friendly quick reference guide; then you'll appreciate the increased treatment options of having both arrow and round buds. You'll notice the secure fit of the buds. And you'll appreciate that with CryoDose H, all parts can be ordered separately.

CryoDose™ H makes your cryotherapy practice more perfect.

- Larger 88mL canister (lower cost per mL)
- Supply of buds included
- Replacement canisters & buds sold separately
- Organized Reusable Treatment Kit
- -55°C
- Nozzle engineered for control & less waste
- 100% satisfaction guarantee
